
Competition Committee Report

Brian Sapsed & John Bennett

This has been a difficult year for the club, with golf coming to an end during March and not restarting until May (and then only in a limited way), has meant that many of the competitions were either cancelled or rescheduled.

The club did manage to run Handicap and Scratch Championships for all sections of the club, along with a number of Stableford and Medal Competitions.

All county competitions were cancelled once it became obvious that they could not be completed safely.

With the Annual Dinner being cancelled and our efforts to hold a virtual prize giving both effected by lockdown measures, along with the need to bring this golfing year to an end. A list of all winners is below, they will be requested to collect their prizes/trophies from the club when it reopens.

This year has seen members being asked to enter their own scores into the computer on completion of their rounds. It is now important that players do this so that their WHS handicap is updated on time.

Regarding 2021-22, nobody knows what the situation will be, but we are preparing a full diary of events from April onwards in the hope that things start to return to somewhere near normal.

On behalf of the club, can I thank all committee members who have had to make some difficult decisions for their work during the season.

Accounts

The competition committee accounts show that during 2020 the total income for the year to date is £5,649.50, and that the expenditure for the year to date is £4,512.57, with a year-end balance of £2,401.74

However, this year we are showing a current liabilities amount of £830.00, which gives a year end nett balance of £1,571.74. Two of the liabilities, amounting to £640, relate to money that is being held over for payment and will be paid out in 2021.

The overall income and expenditure for the past year are both very much lower than those of 2019 due to the covid-19 restrictions on the playing of golf, however, the year end nett balance is higher than that of 2019.

The competition committee believes that the various competition entry fees in use are correct and that no increases should be necessary, as there are no high cost purchases anticipated for 2021.

A summary of the Competitions Committees accounts is at the end of the report.
